

# A Word for You:

LANCE AND DARLENE BANE \*  
\*

Lance and Darlene, I believe the Lord is going to give you the keys to unlock the gates of your city, the keys to the Kingdom. And I saw before you a gate, and that gate was rusted and it was old. It was massive, but it was old. And the Lord gave you a key to that gate, and there was a word that was written on the key. And the word that was written was breakthrough. And I feel the Lord say that He's going to give you breakthrough in this season. I saw people gathering around this gate, and they have blowtorches, and they were beginning to cut the opening of this gate and it was all rusted over. And so they were all doing it together because it was such a big gate. Everybody needed to do their portion, or it would take too long. And so everybody took their blowtorch, and they began to cut away the opening so that you could open this gate. And I felt the Lord say that the blowtorches represent a prophetic intercession. That I believe there's a specific prayer for breakthrough that is supposed to happen within your ministry and in your city. Even in this season of confinement, I felt like God says it's time for all in prayer for intercessors with blowtorches, to cut open these gates. And I believe that as they do it, it will begin to lessen the length of time to open that gate, and it will begin to open quicker and easier than ever.

And God says it will open in 2021. It will open. That my promise to you is you will see pastors uniting, and praying together as this breakthrough happens, and you will see rivers flowing through the streets, the flooding of God through the city. I felt like the gate was almost like a dam holding back a river. And it's like the Lord said that as you begin to pray that this gate would open, and as you begin to pray and claim breakthrough over, not only your ministry, but your city, I believe the Lord, as you gather intercessors together to do this, things are going to happen in the spirit, and it's going to speed up the process, and you're going to look back and begin to see a huge breakthrough that happens in 2021. It's going to be as if the flood gates opened, and they flooded every part. And with flooding, it hits every building. It hits every cave, hits every valley, every stream. No matter where it goes, it does not stop for anything. And I felt in the same way that this is going to not stop for anyone, but it's going to flood through your region. It's going to flood through your schools. It's going to flood through your government. It's going to flood through every area that your city touches, and you're going to see breakthrough begin to happen.

I even see favor in your city. I see favor in connections to local government officials, and pastors and city pastors connecting together. And there's going to be this beautiful unity that happens. But the Lord says, "It's not a time to wait. It's a time to contend." It's a time to contend that the gate would open and you would see breakthrough happen like never before.

So Lord, I pray right now for this couple. God, I pray that you would show them the keys to this gate. You would show them what they need to be doing and how they need to be doing it. That it is not a natural war, God, it is a spiritual war. And you would give them keys to speak out in the spirit realm, to pray in the spirit realm, to contend, to intercede in the spirit realm for breakthrough in their church, and in their city and in their lives. And I feel like the ripple effect of this will be even in your own home. God is going to come in and bring breakthrough, financial breakthrough, relationship breakthrough. There's going to be a protection that comes on your household, and there's going to be a renewal that comes because of this. Father, we pray for your grace in this season, that you would show them, and reveal to them what they need to do in Jesus' name. Amen.
